## Extreme Duty Grinder Parts

**ARMORHOG®**, a division of CW Mill Equipment Co., Inc., is totally focused on providing **TOP QUALITY, EXTREME DUTY REPLACEMENT PARTS FOR ALL BRANDS & MODELS OF INDUSTRIAL GRINDERS**, specializing in rigid hammer grinding applications.

CW Mill has been manufacturing, selling, and servicing grinding machinery over four decades. The knowledge, experience, and manufacturing capabilities that developed through that period have continually evolved to lead the industry with better products.

CW Mill's innovation consistently out-performs others, and that innovation is found in amazing long-life screens, tips, hammers, and other replacement parts with demand for that Quality and Performance coming from owners of all brands. **ARMORHOG® IS THE EXTREME DUTY BRAND OF AFTER MARKET GRINDER PARTS FOR ALL GRINDERS.**

CW Mill's manufacturing history includes being an early pioneer of what grew into today's grinding industry. CW Mill Equipment designed and produced some of the earliest grinders to ever come onto the market, the first grinding systems, and today's most advanced grinding machinery.

CW Mill still leads the way today with diversified manufacturing capabilities including high-tech engineering design, prototyping, custom fabrication, CNC machining, CNC cutting, and complex machine manufacturing.

CW's grinder related products are marketed through many major brands with products ranging from hammermill tips to complete grinding machinery and all of the way up to complex material processing systems.

In addition to its own brands, CW has been repairing, servicing, and reselling preowned equipment of most every other make and model with a vast amount of knowledge and experience in all brands. This broad experience makes CW's **ARMORHOG®** Parts the best choice for your grinder.
